DRAW DECALS

Directions to the Club Meeting Location

Where: South St. Paul Municipal Airport, a.k.a. Fleming Field, located on the southern extremity of South St. Paul, south of I-494, west to Concord Street and East of Highway 52.

If coming from the western Twin Cities going east on 494:

- Exit at the 7th and 5th Avenue exit (Exit No.65)
- Turn right (South) on 7th Ave and go approximately .6 miles to a 4-way Stop sign. This is South Street W. To your left there will be a McDonald's; to your right front there will be a Walgreen's.
- Turn left (East) at the 4-way Stop onto South Street W and go approximately .6 miles. Along the way you will encounter three more Stop signs—the third Stop sign (Henry Avenue) will be a "T" intersection. At the "T" intersection on your left will be homes and on your right softball fields.
- Turn right (south) onto Henry Ave. and go approximately .2 miles toward the Fleming Field airport terminal building.
- The terminal is on the right with parking available.

miles toward the Fleming Field airport terminal building.

If coming from east Twin Cities on westbound 494:

- Exit at the 7th and 5th Avenue exit (Exit No.65)

Turn left (South) on 7th Ave and go approximately .6 miles to a 4-way Stop sign. This is South Street W. To your left there will be a McDonald's; to your right front there will be a Walgreen's.

- Turn left (East) at the 4-way Stop onto South Street W and go approximately .6 miles. Along the way you will encounter three more Stop signs—the third Stop sign (Henry Avenue) will be a "T" intersection. At the "T" intersection on your left will be homes and on your right softball fields.
- Turn right (south) onto Henry Ave. and go approximately .2 miles toward the Fleming Field airport terminal building.

The terminal is on the right with parking available.

Twin City Aero Historian

Return address requested

The Aero Historian is published monthly by the Twin City Aero Historians, Inc., a joint chapter of the American Aviation Historical Society and International Plastic Modelers Society/USA, for members and readers as part of their annual dues or fees.

The group is open to aviation enthusiasts from teenagers on up who are interested in aviation modeling, photography, collecting, art and writing. For more information contact Dave Nelson at 651-765-1914.

The Twin Cities Aero Historians (TCAH) meet the second Saturday of every month at 1:30pm. See above for the new meeting locations and directions.

Mail Newsletter material and address changes to the treasurer.

Monogram 1/72 Bf-110
by Bob Arko

They are now operational. Italy also has 2 Boeing KC-767 tankers in operation. This aircraft and their systems are now proven.

Airbus now doubts if they will receive 300 orders this year for jet airliners. Last year, orders were over 1,000.

Delta Airlines eliminated 4,000 jobs last year through voluntary retirement packages. This was mostly from the displaced Delta Airlines/Northwest Airlines merger people who did not want to transfer to Atlanta or Minneapolis. Now this year, Delta Airlines is looking for 2,100 more voluntary retirements –

**THE IPMS TWIN CITY AERO HISTORIANS
ANNUAL MODEL CONTEST**

September 19th, 2009 (Saturday)

At the North Aire Banquet Hall
6831 Highway 65 NE (Central Ave), Fridley, Minnesota
(2 miles north of intersection of Hwy 65 and I-694)

This year's theme:

Categories:

- Juniors
 - Aircraft
 - Military Vehicles
 - Figures
 - Ships
 - Automotive
 - Sci-Fi
 - Real Space
 - Dioramas
 - Miscellaneous
- (complete list available online)

- Special Category Awards:**
- Best Competition Car
 - Most Unique Model
 - Best National Guard
 - Best Figure
 - Best Polish Subject
 - Best F-4 Phantom
 - Best Captured Aircraft in German Markings
 - Best Vac-Form or Resin Kit
 - Best Smaller Nationality
 - Military Subject

Models that show a subject at a specific time. The model does not need to be in a diorama. But the date must be described on the registration form. All models will be part of their regular contest categories, so they will be both eligible for regular and theme awards.

Registration: 9:00 am - 12:30 pm
Awards Presentation: 3:00 pm - 4:00 pm
Entry fee: \$10 (unlimited models)

Vendor Room will be open from 9:00 am until the end of the show.

**For additional information about hotels, vendor accommodations, etc., please contact:

Aviation Elite Units

Book Review	AIRLINER FLEET OF DELTA/ NORTHWEST AIRLINES AS OF MARCH 31, 2009 by Terry Love	
Review provided by the publisher:	Special Features: <ul style="list-style-type: none"> The Spitfire/Seafire and Mitsubishi Zero are two of the most recognized and iconic fighters of World War II. Volumes have been written about these two aircraft, but very little about the fighting capabilities of both aircraft when matched in combat. This unique perspective is a growing niche for aviation enthusiasts around the world. The story of the Spitfire/Seafire and Mitsubishi Zero has been told many times over - it is time to tell the stories that were missed, and these include combat between the two types in the Pacific. Donald Nijboer is a freelance writer who lives in Toronto, Canada. He teaches courses in radio broadcasting at Humber College of Technology and Advanced Learning. His four books, Cockpit: An Illustrated History of World War II Aircraft Interiors, Gunner: An Illustrated History of World War II Aircraft Turrets and Gun Positions, Cockpits of the Cold War and Graphic War - The Secret Aviation Drawings and Illustrations of World War Two have been published by the Boston Mills Press. He has also written articles for Flight Journal, Aviation History and Aeroplane Monthly. This is his first book for Osprey. 	Boeing 737-700 7 Boeing 737-800 71 Boeing 747-400 16 Boeing 747 freighters 7 Boeing 757-200 157 Boeing 757-200ER 17 Boeing 757-300 16 Boeing 767-300 18 Boeing 767-300ER 57 Boeing 767 400ER 21 Boeing 777-200ER 8 Boeing 777-200LR 5 Airbus A-319 57 Airbus A-320 69 Airbus A-330-200 11 Airbus A-330-300 21 Douglas MD-88 117 Douglas MD-90 16 Douglas DC-9 66 CRJ-100 73 CRJ-200 31 CJR-700 13 CRJ-900 54 Embraer 175 36 SAAB 340 49 TOTAL 1015
Review provided by the publisher:	<p><i>This is book number 16 in Osprey's "Duel" series, which provides accounts of machines of war pitted against each other and the combatants who operated them. Step onto the battlefield and immerse yourself in the experience of real historic combat.</i></p> <p>Products of vastly different design philosophies, the Seafire F III and the A6M Zero were never intended to meet in combat, and never should have. Yet the harsh necessities of war intervened and these two planes were pitted against each other in the last dogfight of World War II, high above the Japanese home lands. The Zero, with its clean design, low weight and high lift, was extremely nimble at low speeds and ideally suited to the job it was intended to do. In contrast, the Spitfire was not designed as a shipboard fighter; it was a short-range interceptor, intended for operations from established airfields and supported by a well stocked infrastructure of spares and qualified maintenance personal. With a different twist on the Duel concept, this book examines these two iconic fighters and their two very different histories; one was 'adapted' for a role it was never intended to carry out, the other was purpose built and proved to be one of the finest fighters of World War II. Using fantastic artwork and intimate first-hand accounts, the author discusses the decline of the Japanese Naval Air Force and its principal fighter, the Zero, in contrast to the British Seafire, as it overcame its critics to become the best pure carrier interceptor of the war and emerge victorious in the last aerial duel of World War II.</p>	
Seafire vs A6M Zero Pacific Theatre by Donald Nijboer	SEAFIRE VS A6M ZERO Pacific Theatre DONALD NIJBOER
